

## **SAMPLE LETTER**

Dear Representative \_\_\_\_\_ :

I urge you to vote against any amendments to House Bill 345.

House Bill 345 will make it easier to place special needs children with loving adoptive families. I think this is a good idea and I hope that the bill can be enacted without being amended.

Unfortunately, this bill has attracted a lot of controversial amendments with a divisive social agenda. The proposed amendments are wide-ranging. They are anti-children, anti-family, discriminatory and bad for Pennsylvania's future.

These amendments could prevent House Bill 345 from becoming law. Please oppose all of these amendments and keep on fighting for all of Pennsylvania's children, families and future.

Thank you,
